01

Introduction

Our Project

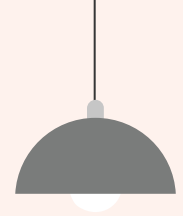

Growing a modest charitable organization or business might be difficult. Especially if you're working by yourself. You require assistance but are unsure of where to turn. You don't want to spend money on the incorrect services. You would only fall more behind and lose motivation if you did it. These issues can all be resolved via Consilia Web application!

02

Objective

Objective

Saving time and money for the clients	1
Improve communication between client and consultants	2

3	Enable clients to obtain the service at any time
4	to translate the client's ideas into insight

Our Mission

Our consultants take the time to hear and listen and will challenge and question to make sure the idea of the project is the right one for client and community.

Laravel 9, mySQL

04

Business Model

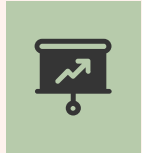

Business Model

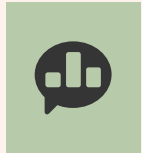

Key Partners

Consultants who want to work with us

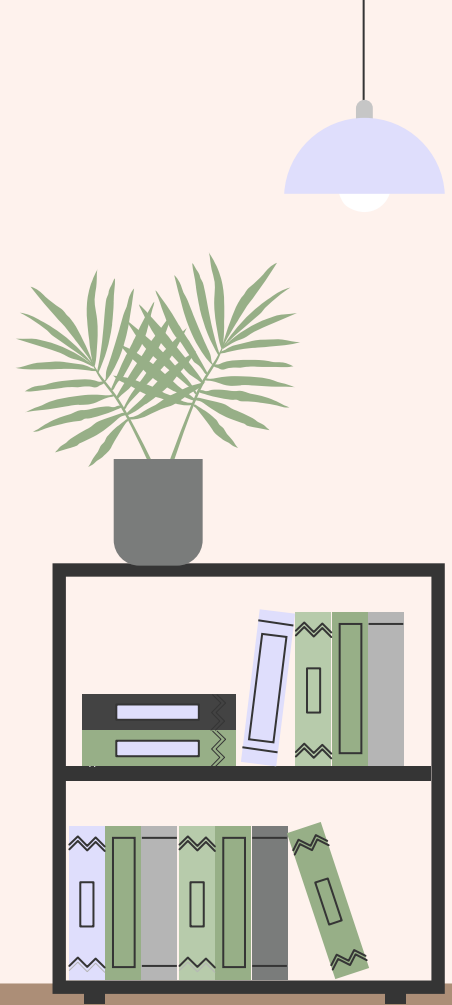

Revenues

Commission from consultants, targeted advertising.

Channels

Our Website ,Paid Ads, Social Media, Email

A minimalist office illustration with a light beige background. Two grey pendant lamps hang from the top. On the left, a green office chair with a grey base and a green trash can are on a brown floor. On the right, a wooden desk with two drawers holds a computer monitor. The text is centered in the middle of the image.
